Rusex -In the letter of Daddy Pool to the lambs of the 14th Regiment, the name of Ruben is mentioned. As some may not know t whom reference is had, it may be well to esplain. Ruben was a venerable gander which was carried by the regiment from this city to the summit of Cheat Mountain, where he had the freedom of the various camps until, in an unincky visit to the camp of the 32. Ohio, who, in the most un hristian manner, killed and devoured Ruben. There had li ted to have been a muss between the 14th and 32d on account of this act. ----

AN EX EDITOR MAKING HIMSELF USEFUL. -The correspondent of the Missouri | emo erat, writing from the headquarters of Gen. Frenont, speaking of the building of the bridge over the Osage, gives the following interesting information in regard to the usefalness of our excellent friend, Cal. Hudson. Tue correspendent says:

Colonels Shank and Hudson, of the General's staff, have also done good service in the prosecution of the work, paying more particular attention to the felling of the trees a d their transportation to the river's bank. I met the latter on Saturday, geeing and h.w-ing an ox team with a big tree behind it, with a success which would have been flattering to a veteran driver.

LATE FROM PADUCAH AND MEMPHIS .- Lieut C) Carr, of the 55th regiment, and a e Capt la the 11th regiment, reached this city on Saturday from Paducah, which place be left on Friday. He reports the health of the troops at Paducah improving, and that there will be a fight there before long. We think the promotion of Capt. Carr a very deserved one, as he has, during the three months campaign, and thus far in the present campaign, proven himself a thorough soldier. The news of his promotion met him at Pana, as he come through, and was entirely unexpec ed by him.

Through his courtesy we were permitted to glapce at a copy of the Memphis Appeal of the 17th inst., sent by Gen. Wallace to Gov Morton, and which contains very many matters of interest and somethings highly amusing. We have ropied several extracts which we will lay before our readers at another

A VALUED SOUVENIR .- On the night of the 16th inst., a Union Supper was given by Mrs. Judge Waldon of Henderson, Kentucky, to the officers of the 31st Regiment, Indiana Volunteers, which is represented, to us, by one who had the good fortune to be present, as having been princely in its sumptuousness. Among the toasts of the occasion we have Makes to order, and has on hand a good asbeen furnished with the following

By Lieut. Beadle: "Indiana-First born and fairest daughter of Kentucky. May her sons prove worthy defenders of Kentucky's fair daughters, and may Kentuckians worthy of the sires who gave them birth, stand first in the starry rank of the Union."

By Capt. Scott of the Steamer Storm -"May the Union ever remain without the loss of a State, and the Star Spangled Bannes ever float without the loss of a Star."

The fair hostress whose munificence is on'y equalled by her patriotism sent to us, by the hand of Mr. J. B. Chess of this city, a magnificent silk flag made by her own hand and used on the occasion. It is indeed most beautiful, bearing the motto-"The Union n wand forever." We accept the gift with proud thankfulness, and shall preserve and prize it not only as the proud emblem of our beleved country, but in remembrance of the patriotic donor. May her fervent prayer for the "Union now and for ever" be heard and

British Vessels Running the Block ane-Demand of Lord Lyon-A Plea from North Carolina-A New Declaration of Independence -Official Report of the Affair Below New Orleans-Capture of Two Prizes Louded with Guns-Precaution in Rail Road Transportation of Troops.

SPECIAL TO TRIBUNE. Washington, Oct. 24.-We learn from an undoubted commercial source in this city hat two English sailing vessels entered the Port of Charleston S. C. a few weeks ago, there being at that time no blockading ship torce.

Lord Lyons now demands of the Secretary of State, that these vessels leave Charleston, unmolested, on the grounds that at the time of their going in there, the bloksde was not effective

SPECIAL TO HERALD. Rev. W. F. Conway, chaplain of the 9th reffiment New York volunteers now at Hatteras Inlet, has been sent by Gen. Wool with information to the Government with reference to the loyal people of Hyde county N. C., He brings with him a declaration of Independence, adopted by the leading citizens of that county at Hatteras Church, in which they declare themselves free and indedendent of the southern confederacy. It is part of Mr. Conways mission to solicit arms for these Union men, who only wait for means and opportunity to strike a death blow to the despotism by which they have been oppress ed. The President has promised to use his best efforts to protect them and provide them with weapons. Mr. Conway brings the intormation that these people are actually starving for want of food, and suffering greatly for want of clothing.

Com. McKean's dispatches are now at the Navy Department. Capt. Pope, of the Richmond, reports that the hole made in her by the ram was two seet below the water line and five inches in circumterence. At the first alarm the crew coolly repaired to quarters and as the ram passed abreast the Richmond, the entire port battery was discharged at her, with what effrom, in a very lew minutes, drew off. The Richmond covering the retreat The Preble went over the bar, while the Vincennes and Richmond ground ed. The enemy down the river with five steamers. They commenced firing while we retreated. The fire was from our port battery and rifled gun on the poop. Our shot. however, falling short, while their shell burst

on all sides of us, and several passed direct-At 9:30 Commander Handy, of the Vincennes, mistaking my signal to the ships outside the bar to get under weigh for a signal for him to abandon his ship, came on board the Richmond with all his officers and a large number of his crew. The remainder having gone on board the Water-Witch.

Capt. Handy, before leaving his ship, had placed a lighted slow match at the magazine. Having waited a reasonable time for an explosion. I directed Com. Handy to return to his ship with his crew to start his water, and if necessary, at his own request, to throw overboard the small guns for the purpose of lightening his ship, and to carry out his kedge with a cable to heave off by.

At 10 a. m., the enemy ceased firing and withdrew up the river. During the engagement a shell entered our quarter port, and one of the boats was stove by another shell. Capt. Pope reports the Richmond and Vin-cennes both afloat, and the hulk of the former so reduced that the small engines keep her free. This is only temporary, and the ship will have to go to some place and have

three planks put in. I have received rifled guns and placed the 32-pounders on the forecastle, and the 12pounder on the poop. Could I have possibly managed this ship in any other way than keeping her head up and down the river, I would have stopped at Pilot town and given battle, but this was found hazardous owing to her extreme length. The attempt was made, but a broadside could not be brought to bear without running the ship ashore. Commander Alden of the steamer South Carolina relates the capture of the schooner Ezilda, commanded by an ex officer of the Sumter, Wm. Ander on Hicks, and the

schooner James H. Toome. The vessels contained from four to five thousand guns. many of hem old fint locks and some entirely useless. Two passengers, Mr. Hamer merchant of New Orleans, owner of the ves- disturbance. el, and Thomas Lewis, U. S. army, were made prisoners of war.

The captured cargoes also embraced a quantity of powder, caps, revolvers, lead &c. Adjutant General Thomas has ordered that troops transported by R ilroad threu h disaffected districts of the country, shall march on foot over bridges, where a possibility exists of the cars breaking through. To this end there will be an agreement in the contract for transportation, that the trains shall be stopped to permit the troops to alight before crossing the bridge,
